A Cool Building With Red

Red brick with black accents always make for a trendy industrial office space or loft, but the mirrored windows add a modern touch of cool. After sitting empty for nearly 25 years, this old Toronto train factory from 1903 was converted into 104 new industrial style apartments.

A cool thing to build in Minecraft survival is a large urban hospital for yourself and your visitors. Organize an emergency room, waiting area, and wards on the upper floors. If you want a smaller project, try making a small clinic building for your town.

34 Cool Things to Build in Minecraft When You're Bored ...

Cool blues are those with a green bias. There are many of them - Phthalo Blue, Prussian Blue, Cerulean blue, Manganese Blue, Winsor Blue and so on. It is useful to have one cool blue and one warm blue in a split primary palette. Phthalo Blue is perhaps the most common, but some prefer Prussian Blue as it is less permanent and easier to control.

With careful paint colour choices and a good understanding of colour mixing you can create a myriad of colours with a small number of paints. A suggested basic palette of Artists quality paints for any paint medium would include a warm and a cool blue, a warm and a cool red and a warm and a cool yellow, along with selected earth colours.
