The direct method, sometimes also called natural method, is a method that refrains from using the learners' native language and just uses the target language. It was established in Germany and France around 1900 and is best represented by the methods devised by Berlitz and de Sauzé, although neither claims originality and it has been re-invented under other names.

Berlitz called it the "Berlitz Method", but it is otherwise known as the direct method. The direct method was based on the belief that total immersion would speed up the language learning process. It gave listening and speaking a higher priority than reading and writing (similar to a child's acquisition of their native language).

La recherche thématique des livres repose sur la Classification Décimale Universelle.. Cette classification repose sur quelques principes de base : tout classer : il n'y a aucune rubrique « divers »;; classer en partant du contenu des documents à traiter : c'est donc une classification idéologique, au vrai sens du terme;; classer en allant du général au particulier.
