Detective Fiction And The Rise

Detective Fiction and the Rise of Forensic Science. Ronald Thomas begins playfully enough, with acknowledgments to colleagues who are likened to a series of “equally culpable suspects” in a mystery story and with a dedication to his “partner in life if not in crime” (xvii, xviii). But readers will quickly recognize in this book a weighty contribution to the acclaimed interdisciplinary series,

In *Detective Fiction and the Rise of the Japanese Novel*, Satoru Saito sheds light on the deep structural and conceptual similarities between detective fiction and the novel in prewar Japan. Arguing that the interactions between the two genres were not marginal occurrences but instead critical moments of literary engagement, Saito demonstrates how detective fiction provided Japanese authors with the necessary frameworks through which to examine and critique the nature and implications of ...

Detective Fiction and the Rise of the Japanese Novel, 1880 ...

Throughout much of the 20th century, American detective stories were set primarily in a mere handful of locales: New York City, Los Angeles, San Francisco, and to a lesser extent, Chicago and Miami. As a result of escalating crime rates during Prohibition, post-World War II population shifts to the suburbs, and increasing poverty and violence in the inner cities, readers and authors alike were persuaded that the largest U.S. metropolitan areas—complex, contradictory, and prone to alienate ...

Cambridge Studies in Nineteenth-Century Literature and ...

Mystery fiction became popular in the 19th century for several good reasons. The simplest explanation is that there could be no detective stories until there were detectives in real life. Duh. There were no organized law enforcement systems until the formation of the Surete in Paris (1811), created by Eugene Francois Vidocq who was, incredibly enough, a notorious criminal.
