Garmin doesn't charge for the software, but you can expect an authorized Garmin dealer to bill out the time required to load the software, configure the GPS and do any required paperwork. This includes a revision to the navigator's flight manual supplement, and Garmin also sells a \$200 panel switch should you want one.

Once you've found GPS and heart rate, you can go ahead and start the workout and be brought to your data pages. Like past Garmin watches, you still (for now) have to configure these on the watch itself and not via a smartphone app. You can configure up to 6 data fields per page, or as few as one data field per page (with simply bigger text).
