Contractor's State License Study Guide B General Building ...

A contractor has the know-how, applied background and training necessary to get a general contractors license. They are primarily responsible for the supervision of an entire construction project. This could be anything from constructing a new office building or property, a room add-on, addition of a second story, landscaping services, home improvement, or getting a job finished that requires a building permit.

General Contractor License Guide

Try this free general contractor practice exam to get an idea of what type of questions are on an actual contractor's licensing exam. Many states require building contractors to be licensed. To get licensed, you may need to take a business and law exam, as well as a trade exam. The trade portion of the exam will cover subjects such as plan reading and estimating, site engineering, sitework and excavation, footings and foundations, concrete, masonry, carpentry, metals and safety.
