Helping Young Children To Play

Helping Young Children With Sharing. By Sarah S. MacLaughlin. ...

Sometimes it can feel to children that as soon as they start to play, a peer demands to “take a turn.” It is okay to let children have a “long turn”—a chance to play with the toy—before they share. Help the

Their Own Behavior

“Children’s natural response to anxiety is to rely on parents for help and that is a normal way that human beings respond to fear or anxiety when they are young,”

Lebowitz explains

“While an adult might respond to fear primarily with self-defense, the fight or flight response, children don’t have that capacity.
