## **Pulp And Paper Industry News**

Kraft paper or kraft is paper or paperboard (cardboard) produced from chemical pulp produced in the kraft process.. Sack kraft paper (or just sack paper) is a porous kraft paper with high elasticity and high tear resistance, designed for packaging products with high demands for strength and durability.. Pulp produced by the kraft process is stronger than that made by other pulping processes ...

## **Kraft paper - Wikipedia**

While manufacturers and distributors have absorbed some of that increase, prices for paper products that use pulp are up 7 to 15 percent across the board and 10 to 20 percent for packaging materials. That upwardly mobile price point for many paper products means that managing a company's paper spend is becoming trickier.
