1. Introduction. The process of concluding that a submitted research article does not align with the specific journals' aims and scope or meets the required rigour and quality, is commonly termed - desk rejection. This element of the review process is normally performed by the journal Editor directly or by the team of specialist sub-Editors.

Editorial: How to develop a quality research article and ...

We just released the book of my friend Valerios journal (includes his blog post, Facebook messages, sms and personal journals) of the world record breaking journey. It's amazing to read and relive the memories in my head and think about the good times we had together (as well as the tough times in our relationship).
