Secret world seeds are world seeds which have been discovered as secret easter eggs that generate worlds with strange or unique features. Unlike regular world seeds, which affect only the usual world structure, secret seeds can produce worlds with characteristics that would not be attainable through normal world generation, i.e., they can affect the game's mechanics while playing in that world ...

Here we are privileged to have Marc's take on the Formula 1 world from the inside. Marc speaks candidly about his decade ensconced in a business where the highs are very high, and the lows can be oh so low, but all come packaged with the same amount of hard work when you are a mechanic in one of the top teams.
