The Evolution and Adaptation KS2 PowerPoint presentation can be used as an introduction to the idea of animals' characteristics changing over time. Darwin's theory of evolution can be a difficult concept for children to grasp, particularly the length of time it takes for natural selection to make a difference. With these clear and concise slides, you can explain it to them in a way they ...

Evolution and Adaptation KS2 PowerPoint - Primary Resource

The other competing theory, posed by linguist Noam Chomsky and evolutionary biologist Stephen Jay Gould, is that language evolved as a result of other evolutionary processes, essentially making it a byproduct of evolution and not a specific adaptation. The idea that language was a spandrel, a term coined by Gould, flew in the face of natural selection.
